

NH Oral Health Coalition

Strengthen the Integration of Oral Health and Primary Care by...

- Encouraging child health care providers to perform an oral health risk assessment, oral health counseling, fluoride varnish application and referral to a dental home

Pregnant Women will have Access to Preventive Services by...

- Promoting oral health education to expecting mothers on the link between oral health and overall health
- Promoting guidelines for safe dental care during pregnancy

Strengthen and Expand School and Community-Based Oral Health Programs and Clinics including Access to Sealants by...

- Supporting existing efforts to ensure that underserved populations have access to oral health services
- Advocating for safety net providers and the critical role they play in oral disease

*Our mission is to promote optimal oral health for the people of NH.
