5 Dental Continuing Education (CDE) credits will be available for this program.

Summit Objectives:

1. To increase understanding of the role between oral health and overall health both clinically and in policy;
2. To identify the relationships between oral health expenditures and the overall state budget;
3. To define the current oral health delivery system for adults within NH; and
4. To explore public health oral health delivery models within the U.S.; and
5. To link individuals and programs for future collaboration.
