## Connecting the Docs! Virtual Meet Up.

### Medical-Dental Integration in YOUR Community.

The NH Oral Health Coalition and their partners the NH Dental Society, the Monadnock Community Hospital, and Strafford County IDN 6 are announcing a series of **Medical-Dental Lunch and Learn** providing the opportunity for medical and dental providers, program, and clinical managers to **Meet and Greet** one another while exploring possibilities for collaboration and systems change to help support patients *in receiving timely and effective medical /dental referrals in your community.*

Topics include oral health assessment and referral in the medical and community setting; new technologies that can be used outside the traditional office, and oral health/dental access for individuals and families with low income and resources.

Amanda Washburn, RDH, CPHDH

Amanda is a clinical hygienist working in the Greater Monadnock and Keene area, where she is a dental team member, providing a positive and minimally invasive dental experience for infants, toddlers, adolescents, and children with special needs. Amanda has over 16 years of experience in general dental practice and public oral health. Well known in southwestern NH for her commitment to oral health access, she has provided training on medical dental integration in the community and medical center settings. She will be sharing that information with us during these Lunch and Learn sessions.

Ruth Doane, RDH, CPHDH and Dr. Peter Doane, MD are busy health care providers in the Plymouth, Franklin, and Bristol areas. They will be providing an overview of the importance of oral health and dental care in the health care of pregnant women.

Ruth Doane, a NH Certified Public Dental Hygienist (CPHDH), has B.S. in Child Development and taught kindergarten and preschool before becoming a stay-at-home mom for many years. She attended the NH Technical Institute Allied Dental Health Program for her RDH degree and subsequent course work for the NH certification. Ruth worked in dental private practice until she changed to public health service as Speare Memorial Hospital's Dental Program Coordinator. While she primarily does cleanings, sealants, fluoride, and temporary fillings in 12 public schools, she also provides services to expectant mothers at Plymouth OB/GYN, women, and children at WIC programs in Plymouth and Bristol, and children at Plymouth Head Start. Ruth has trained providers at several medical offices to do fluoride varnish application thereby extending the availability of this important preventive service into the medical setting.

Dr. Peter Doane is a Board-Certified Family Medicine physician in Franklin, NH where he practices at the Concord Hospital Primary Care Clinic. A graduate of the Loma Linda School of Medicine, he completed a residency at the Toledo hospital. He has over 38 years in the practice of family medicine. Dr. Doane enjoys outdoor activities here in beautiful New Hampshire. Peter and Ruth Doane will celebrate their 40<sup>th</sup> anniversary in June.

Gail T. Brown, MSW, JD is the Director of the NH Oral Health Coalition with over 45 years helping to improve health care and benefit access, she feels that an informed consumer has better ability to maneuver through our complex health care system. She will be presenting Session 4, #WhyOralHealthMatters that is intended to inform your patients, families, and communities on good oral health.
