

Connecting the Docs! Virtual Meet Up.

Medical-Dental Integration in YOUR Community.

Presenter Biographies

Amanda Washburn, RDH, CPHDH

Amanda is a clinical hygienist working in the Greater Monadnock and Keene area, where she is a dental team member, providing a positive and minimally invasive dental experience for infants, toddlers, adolescents, and children with special needs. Amanda has over 16 years of experience in general dental practice and public oral health. Well known in southwestern NH for her commitment to oral health access, she has provided training on medical dental integration in the community and medical center settings. She will be sharing that information with us during these Lunch and Learn sessions.

Ruth Doane, RDH, CPHDH and Dr. Peter Doane, MD are busy health care providers in the Plymouth, Franklin, and Bristol areas. They will be providing an overview of the importance of oral health and dental care in the health care of pregnant women.

Gail T. Brown, MSW, JD is the Director of the NH Oral Health Coalition with over 45 years helping to improve health care and benefit access, she feels that an informed consumer has better ability to maneuver through our complex health care system. She will be presenting Session 4, #WhyOralHealthMatters that is intended to inform your patients, families, and communities on good oral health.
